

Утверждено на заседании кафедры иностранных языков «28» августа 2025 «Утверждено» Зам. директора Дахтин Р.В. «28» августа 2025	формат работы	Промежуточная аттестация
	Предмет	Английский язык
	Уровень	Базовый
	статус работы	Контрольная работа
	Автор	Точенова Ю.В.

**Демонстрационный вариант работы по английскому языку
в рамках проведения промежуточной аттестации
за 2 триместр 8 класса**

Работа включает:

1. Аудирование
2. Чтение
3. Лексико-грамматический тест и задание на раскрытие скобок

I. LISTENING

You will hear five people who have made changes in their lives. Match the speakers (1-5) to the sentences (A – F). There is one extra heading.

- A. Exams are necessary.
- B. Successful exam experience.
- C. Why he/she is afraid of exams.
- D. Exam preparation.
- E. Why he/she failed the exam.
- F. He/she enjoys taking exams.

Speaker	1	2	3	4	5
Statement					

II. READING.

Read the text. For each paragraph A-F choose the correct question. One is extra.

1. *Where can we find the biggest "lungs" of the Earth?*
2. *What is the largest country in the world?*
3. *What are the impressive achievements of Russian space programme?*
4. *Which Russian souvenir is the most popular among the tourists?*
5. *Where in Europe can we find the biggest collection of books?*
6. *What are the impressive facts about Siberian Lake Baikal?*
7. *Which role does the Russian language play in the world?*

- A.** Russia, also officially known as the Russian Federation, is the largest country in the world. Its territory is 17,075,400 square kilometers. According to scientists, the country's territory would almost cover the surface of the planet Pluto. It is the only country which is washed by 3 oceans and 12 seas. Russia is considered to be a European country, but two-thirds of the country are in Asia. However, most of the population lives in the European part of Russia.

- B.** Siberian Lake Baikal is the largest pool of fresh water on the planet. All the 12 major rivers of the world (the Volga, the Don, the Yenisei, the Ob, the Ganges, the Amazon, etc.) would need to flow almost a year to fill a pool equal to the volume of Lake Baikal. Another impressive fact is that even if all the rest of the planet's fresh water supply were to disappear, there would be enough fresh water left in Lake Baikal to supply the people of the earth for up to 50 years.
- C.** Russia is the country with the largest forest reserves in the world. 45% of its territory is covered in green forests. The forests are located in the European north of the country, in Siberia and in the Far East. Forests play an important role in the life and welfare of people. Russian forests are the biggest 'lungs' of the Earth. They produce oxygen and clean the atmosphere of carbon dioxide and other pollutants.
- D.** There are more than five thousand languages in the world. Russian is one of the five major world languages. 280 million people around the world speak Russian and it is one of the most widely spoken native languages in Europe. The United Nations uses Russian as one of the official languages of the organization. It is also used in international commerce, politics, academic and cultural life.
- E.** For its collection of books, the Russian State Library is considered to be the biggest in Europe and one of the largest in the world. The Russian State Library was founded in 1862, in Moscow. The library has over 275 km of shelves with more than 43 million items, including books, journals and magazines, art publications, music scores and sound records, maps and other things. There are items in 247 languages of the world.
- F.** Russia is known all over the world for its space programmes. In 1957 the Soviet Union launched Sputnik 1, the first artificial satellite in the world. Four years later, in 1961, human space flight was accomplished. Soviet cosmonaut Yuri Gagarin was the first man to journey into space. He orbited the Earth and landed the same day. There are other impressive space achievements of the country like the first long space flight, the first woman cosmonaut in space, and the first spacewalk.
